

Frag Swap 3.0

January 28, 2007

Madison Area Reef Society
WWW.MADISONREEF.COM

Guidelines for the swap:

- All are welcome to trade, sell or buy
- Doors open for set up at Noon - traders may trade frags only during set up. No sales until 1pm.
- Commercial dry good vendors welcome! Please contact us.
- Pre-bagged frags and used equipment
- Traders please bring towels for cleanup
- There will be electrical outlets available for set ups. Bring your own extension cord
- Please pre-label your frags with name, light and current requirements—a picture is always helpful.

**You are invited to the MARS Frag Swap on
Sunday, January 28 from 1– 3 pm at
Creative Comfort, 2211 Industrial Drive, Monona, WI 53716
It is open to anyone who would like to attend.**

Please visit the MARS website at www.madisonreef.com for directions. Free parking. A \$5 donation is suggested at the door to offset MARS web site operating costs.

Coral fragging and aquarium photography demos and more!
Register to win a \$25 gift certificate to Drs. Foster & Smith.
(Check web site for updated demos and times)

What is a “frag swap”? As corals grow in reef aquariums, they can be cut or “fragged” to make a new animal - much in the same way a houseplant is split. A frag swap is simply a place for people with reef aquariums to meet and exchange pieces of coral. It’s a good time and a good practice. By using a fragged coral, you are keeping ocean corals where they belong...in the ocean!

Contact Steve at 608-213-7879 for more information or questions.
