

Frag Swap 4.0

January 27, 2008

**Madison Area Reef
Society**
WWW.MADISONREEF.COM

Guidelines for the swap:

- All are welcome to trade, sell or buy.
- Doors open for set up at 11am - traders may trade frags only during set up. No sales until general public sales start at 1pm.
- Vendors welcome! Please contact us for details.
- Pre-bagged frags and used equipment.
- Traders please bring towels for cleanup.
- There will be electrical outlets available for set ups. Bring your own extension cord and power strip.

**You are invited to the MARS Frag Swap on
Sunday, January 27 from 1– 3 pm at
3432 County Rd N Cottage Grove, WI
Open to anyone who would like to attend!**

Please visit the MARS website at www.madisonreef.com for directions. Free parking. A \$5 donation is suggested at the door to offset MARS web site operating costs.

Coral fragging demos with free frag giveaways. Register to win prizes including 2, \$25 gift certificates to Drs. Foster & Smith.
(Check web site for updated demos and times)

What is a "frag swap"? As corals grow in reef aquariums, they can be cut or "fragged" to make a new animal - much in the same way a houseplant is split. A frag swap is simply a place for people with reef aquariums to meet and exchange pieces of coral. It's a good time and a good practice. By using a fragged coral, you are keeping ocean corals where they belong...in the ocean!

Contact Steve at 608-213-7879 for more information or questions.
